

STORM IN THE WEST DOES MUCH DAMAGE

WHOLE, SECTION SWEEP BY A BLIZZARD.

Snow, Wind and Cold Stop Trains and Break Wires, from the Dakotas to the Mississippi River — Damage Threatened in Illinois — Floods of Water Froze.

Chicago, Jan. 5.—In many parts of the northwest the recent blizzard was the worst in years. In some localities it was the worst ever known for drifting snow, but it was not so blinding or so cold as the great blizzard of 1888. No loss of life is reported, although fears are expressed for the safety of settlers in exposed localities who may run short of provisions and fuel. Much stock has been destroyed. Telegraph, telephone and electric light wires are down. Railroad traffic in some parts of the northwest is at a standstill.

In northern and central Illinois a snowstorm is raging, but it is not so severe enough to cause more than a slight interruption to travel. The river towns, however, report a tremendous rise in the rivers and much damage from high water.

South Dakota was in bad shape Sunday night, the storm having brought nearly everything to a standstill. Telegrams from various points indicate fifteen inches of snow, with drifts fifteen feet high in railroad cuts. The temperature was below zero and the wind was blowing sixty miles an hour from the north. Only one train was moved in the whole state during the day. The convening of the legislature at Pierre will have to be postponed, as fully eighty of the 126 members are snowbound and cannot reach the capital for several days.

In North Dakota the situation is nearly as bad. No trains are running in the Red River Valley.

In Kansas Sunday there was a terrific blizzard blowing and a heavy fall of snow. Railroad cuts are drifted full, and along the lines of the Santa Fe and Rock Island there are a dozen or more "dead" engines and trains stuck fast. The Rock Island has not had a train from the west of Phillipsburg or the Santa Fe from west of Dodge City since Sunday night.

Iowa was also in the grip of the blizzard. In Sioux City, for instance, Sunday night, after forty-eight hours of storm, the street railways were at a standstill and the streets drifted three and four feet deep. All trains were late, and many had been abandoned. Wires were down in all directions. The weather was cold and there were vague reports of fatalities. Similar reports were received from every part of the state.

The storm was general in northern Nebraska. Intense cold, heavy drifts of snow, delayed and abandoned trains and damaged telegraph wires were features of the situation. In the vicinity of Omaha the snow had ceased, but the wind was blowing a gale and the mercury was low. Trains on the Union Pacific, Burlington, Elkhorn and Rock Island roads west were moving slowly. On the north and south roads there was much trouble. The Omaha line was completely tied up. Branch lines suffered greatly, nearly all being blocked.

Reports from the river cities in Illinois, Missouri and Indiana show a tremendous rise in the Mississippi, Missouri, Illinois and Wabash rivers, caused by three consecutive days of rain. Akon reports a rise of fifteen feet since Sunday and much suffering among shantyboat dwellers. One boat was wrecked and a family of seven drowned. Quincy reports five inches of rain in forty-two hours and a rise of eight feet in the Mississippi since Friday night. The walls of St. John's Catholic church, under construction, were washed out. Cellars were flooded, sewers and pavements washed away, live stock drowned, river-bank woodyards carried away, and railroad tracks damaged by washouts. At St. Louis there was a rise of fifteen feet in the river and the water was still rising, though the freeze was expected to check the flood. At Terre Haute there was a rise of nine feet in the Wabash, and the corn land on the bottoms was under water. All over northern and central Illinois a snowstorm was raging. The flood water had frozen and the snow was drifting.

After Tax Defaulters.
Galesburg, Ill., Jan. 5.—The council has passed a curfew law and measures to enforce the collection of personal taxes. It came out that 600 here did not pay their personal tax last year, and the city lost thousands of dollars.

Small Bank Failure in Iowa.
Mason City, Iowa, Jan. 5.—The First City bank of Nora Springs has made an assignment to Byron Cumbridge of this city. The bank has been embarrassed for several weeks, and in consequence the deposits were not large.

Dubuque, Iowa, Jan. 5.—Senator Allison has completely recovered from his sickness and left for Washington today.

TRAIN WRECKERS CONFESS.

Admit Attempting Crime Similar to Cahaba River Horror.

Birmingham, Ala., Jan. 5.—Four of the five train wreckers in jail here have confessed to a plot to wreck and rob the Southern Railway's fast express from Washington, D. C., at McComb's trestle, twelve miles east of the city, on the night of Dec. 19, and this confession leads to the belief that the same gang removed the rail which wrecked the Birmingham mineral train at Cahaba River bridge, causing the death of twenty-six people and injuring eleven others on Dec. 27.

Last week five negroes, Andrew Feagin, Tom Ingram, Tom Parker, Emanuel Billings and Rome Scales, were arrested. All were miners, at Henry Ellen, near McComb's trestle. Parker, who did most of the talking, says that Feagin was the leader of the plot. The plan was to club to death and shoot those passengers who were not killed by the crash. When their deathtrap was ready at McComb's trestle, they waited by a camp fire in the ravine below. The fast express came, but Engineer Hawes saw that a rail was out of place and managed to stop his train.

Here the confessions end, but as the Cahaba wreck was like the McComb's trestle in every detail, except that it was successful, even to the extent of the wounded and dead being robbed by the wreckers, it is regarded as well nigh certain that the same gang committed both deeds.

Democrats Elect Officers.

Springfield, Ill., Jan. 5.—Twenty-one of the thirty-one members of the Democratic state central committee met in caucus in the governor's mansion at 10 o'clock Monday and decided on a slate of affairs which was put through without opposition at the regular meeting of the committee in the evening. Dwight W. Andrews, Governor Altgeld's choice for the position, was selected chairman of the state central committee. The other officers chosen were: Vice chairman, Thomas Gahn; treasurer, James Orr, Champaign; secretary, Theodore Nelson, Chicago. Frederick Eldred of Chicago was chosen a member of the committee to fill the vacancy caused by the death of J. W. Lanehart.

Pastor Accused of Murder.

Wilmington, O., Jan. 5.—James Harvey, the alleged wife murderer now confined in the county jail charged with the murder of his wife, Ida, on Dec. 18, has filed an affidavit before the mayor charging his father, William P. Harvey, 69 years old and a Quaker preacher, with being her murderer. He has shown signs of weakening for several days and wished to make a confession a week ago, but was prevented by his attorney. His father was lodged in jail, but denied being implicated in the crime. Great excitement prevails here.

Further Trouble for Spain.

New Orleans, Jan. 5.—Passengers arriving by the steamship Breakwater from Guatemala bring news of a reported revolution in Spanish Honduras. Desoto, who represents the old Vasquez faction in Spanish Honduras, is trying to overthrow the government, and in consequence President Bonilla has had to double his guard forces around San Pedro. The whole republic is in a state of turmoil and a conflict is expected daily.

Dies to Avoid Shame.

Baltimore, Md., Jan. 5.—Being a defaulter to the extent of perhaps \$100,000, and with discovery staring him in the face, Richard Cornelius, cashier of the National Farmers and Planters' Bank, one of the most substantial institutions of this city, went out to Druid Hill Park and drowned himself in the duck pond there. Cornelius was 68 years of age, had been in the employ of the bank for thirty-two years, and no one enjoyed a better reputation.

Hope to Save David Gore's Life.

Carlinville, Ill., Jan. 5.—David Gore, state auditor of public accounts, who was stricken with a dangerous attack of acute dyspepsia last Friday, is lying at his home in this city in a precarious state. His attending physicians are hopeful, however, of saving his life. This is the third attack, and the fact of his being over 70 years of age in a measure militates against an early recovery.

Pope Leo Reported Indisposed.

Rome, Jan. 5.—A dispatch from Rome to the Chronicle says that the Pope is slightly indisposed, and has suspended his audiences. The Rome correspondent of the Standard says there is nothing alarming in Pope Leo's indisposition, and that he is merely taking a rest after the fatigues of the Christmas and New Year's receptions.

Recall of Weyler Is Expected.

New York, Jan. 5.—News has been received by the Cuban junta to the effect that the Spanish government has positively determined to recall Capt. Gen. Weyler. General Primo de Rivera, it is said, will succeed Weyler in Cuba. He is a Captain-General of Madrid, and in favor with the Canovas government.

Idaho's New Governor.

Boise, Idaho, Jan. 5.—Gov. Frank C. Steunenberg and the other state officers were sworn in shortly before noon Monday without ceremony of any kind. Both branches of the legislature were organized by the democrats and silver republicans. A. Halford of Lewiston is speaker.

GOMEZ AND LUQUE MEET AT TROCHA

INSURGENTS AND ROYAL ARMY COME TOGETHER.

The Cuban Chief Attacks the Spanish Convoy Near Marroquin and Santa Teresa—Met with Grapeshot and Loses One Hundred Men—France Russia Plotting.

Havana, Jan. 5.—Gen. Luque reports from Cienfuegos that he has had an encounter with 1,500 insurgents under Maximo Gomez at Marroquin, which is in Santa Clara province, west of the central trocha. The attempt of the insurgents to pass, Gen. Luque says, was prevented at Santa Teresa and at several other points. At Santa Teresa 400 insurgent cavalry attacked a Spanish convoy and were met with grapeshot, which caused great destruction. It is estimated that the insurgents lost over 100. The loss of the Spanish column was one captain and one soldier killed and thirteen soldiers wounded. The Spanish convoy arrived at Arroyo Blanco, which is on the boundary line between Puerto Principe and Santa Clara.

Col. Alsina reports that he has dispersed several groups of insurgents at Brujitas, in Pinar del Rio, and has killed nine insurgents and burned over 100 huts.

There is a report current that Senator John Sherman, chairman of the senate committee on foreign relations, is expected in Havana.

Gen. Weyler has conferred the title of chief of staff of division upon Gen. Andres Gonzales Munoz, who has been very sick until now, but has recovered his health.

The chamber of commerce of Havana and several delegates from other towns in the province of Havana met, under the presidency of Civil Governor Porua. They adopted resolutions referring to the reconstruction, as far as possible, of civil order in the province, the establishment of zones of cultivation in the neighborhood of the fortified towns, and measures to defend agricultural laborers. The meeting appointed a committee to consider the question and to advance the project.

Russia and France Excited.

Berlin, Jan. 5.—According to the Tageblatt, some of the European powers, Russia and France being mentioned, have come to an understanding to make representations to Washington in order to prevent further trouble between the United States and Spain.

Three St. Paul Banks Close.

St. Paul, Minn., Jan. 5.—Three state banks, the Germania, the Allemania and West Side, closed their doors Monday. The Germania has been subjected to a quiet but steady run since the Bank of Minnesota closed on Dec. 22. It is believed the assets of all three banks are ample, though some may be slow of realization, and that the depositors will not lose anything. The suspensions are considered as simply the results of the general scare among depositors, which began with the closing of the Bank of Minnesota.

Visible Supply of Grain.

New York, Jan. 5.—The visible supply of grain Saturday, Jan. 2, as compiled by the New York Produce Exchange, was as follows: Wheat, 54,651,000 bushels; increase, 208,000 bushels. Corn, 19,352,000 bushels; increase, 950,000 bushels. Oats, 14,089,000 bushels; increase, 613,000 bushels. Rye, 3,087,000 bushels; increase, 91,000 bushels. Barley, 4,403,000 bushels; increase, 472,000 bushels.

Attempted to Blow Up Rats.

Fremont, Ohio, Jan. 5.—At Millersville, this county, a son of Alex Dolwick got hold of several pounds of blasting powder, and went to the cellar, accompanied by three sisters, to kill rats. The stuff exploded, and one girl, 8 years old, was burned to death. The clothing of the other children caught fire, and they were terribly burned, as were Mr. and Mrs. Dolwick in trying to extinguish the blaze.

Refuse to Accept Reduction.

Massillon, O., Jan. 5.—Notices have been posted at all the mines in the Massillon district announcing a reduction in the price of pick mining from 61 to 51 cents a ton. The posting of the notice had the immediate effect of causing a cessation of work at all the mines in the district, and nearly 2,000 men are idle.

Will Resist Change in Law.

Springfield, Ill., Jan. 5.—The members of the legislature from the Illinois River Valley districts have apparently all come to Springfield determined to resist and change in the Chicago drainage law except an amendment which will enable the trustees to raise additional funds. This proposition they will all heartily support.

Survivors of the Commodore.

Jacksonville, Fla., Jan. 5.—Four more men landed from the wrecked Commodore Monday morning at Port Orange. This accounts for twenty out of the twenty-seven men on board. Those landed were Major Julio Rodriguez Baz, Jose Alvarez, Manuel Gonzales and Louis Sierra Maderas.

STRIKE MAY SPREAD AMONG THE MINERS

MUCH DISCONTENT SHOWN BY THE WORKMEN.

Trouble Feared in Ouray and San Miguel Counties, Colorado—The Coming of Non-Union Men the Cause of Strife—Ineffectual Attempts Made to Settle the Difficulty.

Denver, Col., Jan. 5.—From reports current in Denver and substantiated by private advices from Ouray it appears that Ouray and San Miguel counties are on the verge of a miners' strike that may surpass the one now in progress in Leadville.

The cause will be the importation of non-union miners from Missouri into the Virginus mine and Revenue tunnel, about nine miles west of Ouray. Since early in December there has been a strike at the Tunnel mine. Several attempts to settle it amicably proved ineffectual.

Between 100 and 600 miners have been engaged around Joplin, Mo., to take jobs of the strikers. The strikers are members of the miners' union and it seems probable that following the introduction of non-union labor a general strike will be ordered. There are 2,500 miners in Ouray and San Miguel counties, most of whom belong to the union.

AUSTRALIA BUYS OUR GRAIN.

Long Drought Has Almost Caused a Famine in the Big Island.

New York, Jan. 5.—The foreign demand for American grain has now reached Australia. The steel clipper ship Westgate of Liverpool has just finished loading 2,000 tons of wheat at McCormick's elevator, in the Atlantic dock, for the island continent, where the long drought has produced a state of affairs nearly akin to famine. She will also load a large quantity of general cargo.

The South African trade goes merrily on, notwithstanding the fact that enormous quantities of the grain and corn sent out earlier in the year were lost. There were no means of caring for it, and as it was thrown in piles, the grain heated and was spoiled.

"FITZ" NAME IS ADDED.

Signs the Stuart Articles for a Finish Fight with Corbett.

New York, Jan. 5.—On Dec. 17 Corbett affixed his signature to the articles of agreement for a finish fight with Fitzsimmons, and Monday Bob, accompanied by his manager, met Dan Stuart at a Jersey City hotel, and, in the presence of a number of well-known sporting men and representatives of the press, Fitzsimmons affixed his signature immediately underneath Corbett's on the articles. Stuart assured those in the room that he was confident that he could bring off the fight on the date mentioned, March 17, without any interference. As to the side bet, Fitzsimmons said that he would put up from \$5,000 to \$10,000. The articles call for a purse of \$15,000 to be given to the winner, and each of the principals to post \$2,500 in the hands of a stakeholder to guarantee an appearance in the ring, the one failing to live up to this agreement to forfeit to the other and to Dan Stuart. Five-ounce gloves are to be used. George Siler of Chicago is agreed upon as referee and Fitzsimmons decided that Al Smith of New York was a satisfactory stakeholder as far as he was concerned.

For the Illinois Speakership.

Springfield, Ill., Jan. 5.—After a long day spent in canvassing the situation, interviewing members of the legislature, and discussing a plan of action, the leaders of the Cook county republican organization here decided to present the name of E. G. Schubert as their candidate for speaker of the house at the caucus of the representatives which will be held in the Leland hotel to-night. It is admitted that if the leaders conclude that they cannot land Schubert they will take up Charles E. Selby of Springfield or Charles Allen of Vermillion. A count of the votes pledged to Schubert, Allen and Selby demonstrates the fact that a combination of the Schubert element with the forces of either of the latter would be sufficient to elect the man agreed on by the coalition.

Honors for Col. John Hay.

Chicago, Jan. 5.—The Herald prints the following from its Washington correspondent: "President-elect McKinley has already chosen his ambassador to Great Britain. Mr. Bayard's successor will be John Hay of this city. This appointment was decided on some time ago, and though all sorts of denials may be entered by interested persons, the accuracy of this statement will be fully confirmed two months hence, when President McKinley sends to the senate his first batch of appointments in the diplomatic and consular service."

William T. Baker Is Elected.

FOR TAX ON TOBACCO.

Chairman Dingley Calls It a Proper Subject for Revenue.

Washington, Jan. 5.—The tobacco schedule of the tariff was thrashed over by the representatives of various tobacco interests Monday before the ways and means committee, with great minuteness. Several branches of the business were represented—the native growers, importers, manufacturers using the native goods, those using Havana and those handling the Sumatra product. Between these classes there was much discord, no two being agreed on any schedule of rates, and contradicting one another on questions relating to the effects of the present law, rates of labor and cost of production and manufacture.

Chairman Dingley said before the committee adjourned that tobacco, being a luxury, was a proper subject for revenue with incidental regard to the interests of manufacturers and growers.

Backset for Lew Wallace.

Indianapolis, Ind., Jan. 5.—At 4 o'clock Monday afternoon there was a caucus of about twenty of the fast supporters of Fairbanks for the United States senatorship, and after the conference the announcement was made that Fairbanks will have at least sixty of the eighty-five republican votes. Many veterans are taking up the cry for Wallace, but the plan to have Grand Army of the Republic posts throughout the state declare for him received a backset by his own post at Crawfordsville refusing to endorse his candidacy. The refusal was on the ground that it is not the province of the Grand Army of the Republic to take sides in political contests.

Address to Prohibitionists.

Albion, Mich., Jan. 5.—Chairman Samuel Dickie Monday issued an address to Prohibitionists, signed by the members of the Prohibition national executive committee. The address calls attention to the necessity for renewed effort in the interest of the reforms for which the party has contended; commends the action of the national convention at Pittsburgh in declining to become the advocate of either extreme of the money question and says the espousal of a variety of reforms offers no hope of success. The address opposes fusion with other parties with its consequent concessions.

Report of Mission Work.

New York, Jan. 5.—The American Missionary association has made public its annual report, showing that its receipts from the central western states were as follows: Illinois, \$12,421; Indiana, \$372; Michigan, \$5,551; Minnesota, \$2,683; Wisconsin, \$19,090; Iowa, \$5,252; Kansas, \$621; Nebraska, \$623; and Ohio, \$16,212. The total for the whole country was \$340,798. The association has about fifty negro normal schools in the south.

Five Miners Lose Their Lives.

South McAlester, I. T., Jan. 5.—Five miners, Martin Royan, and Joe Cox, white, Tom Curry, William Bishop and Simon Pitty, colored, were instantly killed in a mine explosion at Alderson Monday morning. The explosion is supposed to have been caused by the fire boss unscrewing his safety lamp, which ignited the gas. No damage was done to the property.

Montana's Executive Sworn In.

Helena, Mont., Jan. 5.—The Legislative Assembly of Montana met at noon Monday. The political division is as follows: Senate, Republicans, 11; Democrats, 9; Populists, 3. Gov. Matthews Declines to Lecture.

Indianapolis, Ind., Jan. 5.—Gov. Matthews, who will retire from office next Monday, has received two flattering offers to go on the lecture platform. One bureau desired him to lecture through the south on Cuba, while the other gave him the privilege of selecting his subject. He declined both offers. He will go back to his farm in Vermillion county, May 1.

Miners on Another Strike.

Pittsburg, Pa., Jan. 5.—A big strike of coal miners occurred Monday on the Wheeling division of the Baltimore & Ohio road. The strike was the result of refusal of the operators to pay the 60-cent rate as promised in the last joint convention of miners and operators. About 1,200 men are out and nearly every mine closed down.

Crop Situation is Marked.

London, Jan. 5.—The Mark Lane Express, reviewing the crop situation, says: "The usual increase of cold in January will not be unwelcome to agriculture. On the continent the outlook is satisfactory. Rains have fallen in Australia but too late to be of any use except in Tasmania. The latest news from Argentina is less gloomy than at Christmas time. The Russian wheat crop of 1896 is semi-officially stated to be 3,500,000 quarters below that of 1895 and 9,000,000 quarters below 1894."

Why

Do people buy Hood's Sarsaparilla in preference to any other, in fact almost to the exclusion of all others?

Because

They know from actual use that Hood's is the best, i. e., it cures when others fail. Hood's Sarsaparilla is still made under the personal supervision of the educated pharmacist who originated it.

The question of best is just as positively decided in favor of Hood's as the question of comparative sales.

Another thing: Every advertisement of Hood's Sarsaparilla is true, is honest.

THE BIG STORE 20, 22, 24, 26, S. MAIN ST.
JANESVILLE, WIS.
GIVE KEPT THE QUALITY UP

To Make January

a busy month we will offer many kinds of goods at greatly reduced prices. The object of this "ad." is to direct your thoughts to the VERY LOW FIGURES at which we are offering all WINTER GARMENTS. Leading the followers is and has been our position all this season. Showing such a great variety of JACKETS and CAPES, garments that have sterling worth, true merit, made right, fit well, the light of their goodness brightening up the whole cloak field, its rays extending miles from Janesville.

Stern Facts...

It's no idle boast, it's the simple truth that we tell you about our VERY EXCELLENT STOCK of cloth, plush and fur creations, from \$1 to \$100—which has been proven time and again to the satisfaction of many people who have looked the different lines over critically. Printed prices prove nothing. Five minutes in our cloak room will prove much.

There is a certain honesty about the make up of our garments that women appreciate. Take up any cloak, examine it carefully, thoroughly, you can discover nothing worn or shabby looking about it.

Don't Forget to Write 1897 Now.

We take this occasion to extend....

A Glad New Year

to the many people who have favored us with their patronage, and hope by good treatment to keep them coming our way.

The Reasons Why.

Some people ask us why we carry such a tremendous stock of goods. They simply forget that our trade extends for 70 miles or more around Janesville. We come in direct competition with Chicago and Milwaukee stores and people who take the time to compare notes are waking up to the great dry goods possibilities that Janesville affords—to the fact that they get more consideration attention, have more time to examine what they buy, find a class of goods better suited to their needs and they avoid the "red tape" system that makes shopping in the large city stores such a bore. Our trade is growing rapidly, and we are constantly enlarging our stock to meet the demands of a critical public. With such excellent train service, outsiders can have a long day in Janesville and reach home the same night.

The liberal trade we enjoy from the many tributary points enables us to carry a larger stock than we could if our business was more of a local nature. Janesville people thus get the benefit.

The Big Store

stands for 20th century business methods, ever alert to adopt new ideas and constantly studying to improve. If you know of anything that would make our service more perfect let us know it.

WE KEEP THE QUALITY UP.

We Are Not looking for an advance, but for that cold wave. Are you prepared for a cold snap? If not, why not? Our Coal needs no apology. It is always good.

COAL DEALERS HAVE LIGHT TRADE

Mild Weather and "Cut Rates" Make Inroads On Business.

Janeville dealers in coal will experience "a quiet winter." The prevailing mild weather has been the cause of slack trade as well as the cut rates prices that have prevailed for the first time in many years.

"If it would freeze up solid from now until April," remarked a West Side dealer, "I would not begin to do as well as I did last season on account of the cut prices and also the fact that the winter is now half over, and real cold weather has not struck us yet."

WORK AT GRUNDYS WAREHOUSE

The Winter's Labor Begins With a Small Force.

Another Janeville tobacco warehouse has opened its doors to commence the season's work. Samuel Grundy has made the necessary preparations, and at the start will employ but a small number of hands. It is understood that later in the season a much larger force will be added.

Rock Springs, Wyo., Jan. 5.—The Wyoming state general hospital was destroyed by fire Monday. Only ten patients were in the building at the time. All were easily rescued, but Mrs. James Loyd of Cheyenne died with \$15,000 insurance. The fire was due to a defective flue.

New Cure for Consumption.

London, Jan. 5.—The Daily News has a dispatch which reports that Dr. Niemann, the well-known bacteriologist, has discovered a new cure for tuberculosis, being the serum from goat's blood mixed with the bacilli of the disease.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting physicians.

THIS DAY IN HISTORY

1066—Edward the Confessor, Saxon king of England, died; born 1004.

1289—Catherine de' Medici, cruel and intriguing queen of France, died.

1779—Zebulon Montgomery Pike, soldier and explorer of the Rocky mountains, born in Lamberton, N. J.; killed 1813. General Pike discovered Pike's peak while a lieutenant in the regular army. He fell in the attack on York, Canada.

1779—Stephen Decatur, commodore in U. S. N., born in Simeon, Md.; killed in a duel at Bladensburg, Md., 1820. Decatur won fame and promotion in Tripoli, where he burned the American frigate Philadelphia, which was captured to the enemy. He served throughout the war of 1812 and subsequently brought the Algerines to terms. The duel with Barron resulted from a challenge by the latter. While acting as commissioner of the navy Decatur had criticized Barron's action on a certain memorable occasion, and although he offered every explanation, the other insisted upon fighting. Decatur magnanimously refrained from killing his antagonist.

1865—David H. Craig, first general manager of the Associated Press, died at Asbury Park.

BUSINESS-LIKE PLAINNESS.

Governor Scofield's inauguration was impressive in its simplicity. If actions speak louder than words then it is clear that the present governor of Wisconsin is to be a positive and potent factor and not a superfluous figurehead in the administration of the affairs of the state.

If any apprehension or uncertainty existed in the minds of those who have had little familiarity with the new governor's personal qualities and qualifications they will be disposed of entirely on short acquaintance.

SLOW IN STARTING.

Attorney General Harmon's attempt to enforce the trust law is welcome but it comes a little late. His suit to dissolve the Kansas City Live Stock Exchange, on the ground that the institution operates in restraint of trade, and therefore violates the anti-trust law, is an important proceeding, and the result of it will be followed with eager interest. It can be shown that the present laws are adequate to the trust problem and can be made to afford ample protection against monopoly oppression, the suit will have served a valuable purpose. It is unfortunate, however, that Mr. Harmon did not undertake this task long ago when there was a chance of carrying it to a definite conclusion before he retired from office.

WILL NOT BLOCK THE WHEELS.

Senator White of California, is not too much of a democrat to rise above partisanship and declare that he does not propose to hamper the incoming administration by dilatory tactics. He accepts the result of the election as decisive, and believes it the duty of both branches of congress to aid Mr. McKinley in restoring prosperity. It is to be hoped that there will be a goodly number of other democratic senators equally liberal in their sentiment and broad-minded in their sense of duty.

Before he retires Mr. Cleveland will

be able to fill most of the places not yet under civil service protection and then throw over them the mantle of the law. His main opposition comes from silver democrats, who are not civil service reformers and never have been.

Illinois Pharmacists Meet.

Springfield, Ill., Jan. 5.—The Illinois state board of pharmacy met and organized for the year by electing Dr. A. Zimmerman of Peoria president; Fred Schmidt of Chicago, vice president; A. A. The board adjourned to meet in Chicago next spring at a date to be named by the president.

Another Chance for Chapman.

Washington, Jan. 5.—The supreme court Monday granted Elverson R. Chapman, the New York broker, convicted for refusing to answer questions put to him by the senate sugar trust investigating committee, leave to make an application for a writ of habeas corpus. The court will hear argument on March 22. The case is a test one.

Want an Advance in Wages.

Bellaire, O., Jan. 5.—The 250 miners in the Maple Hill and Boggs mines at Barton, six miles north of this city, have struck for an advance of 6 cents. Their action is because of a resolution passed by the convention last week to the effect that a 51-cent rate should be demanded. Monday the miners demanded the advance and were refused.

OH! WHAT A RELIEF.

"I suffered with terrible pains in my left ovary and womb. My back ached all the time."

"I had kidney trouble badly. Doctors prescribed for me, and I followed their advice, but found no relief until I took Lydia E. Pinkham's Vegetable Compound. Oh! what a relief it is, not to have that tired feeling day after day, in the morning as much as at night after a hard day's work, and to be free from all pains caused by Ovarian and Womb troubles. I cannot express my gratitude. I hope and pray that other suffering women will realize the truth and importance of my statement, and accept the relief that is sure to attend the use of the Pinkham Medicine."—MRS. JAMES PARRISH, 2501 Marshall St., N. E., Minneapolis, Minn.

A Blacksmith's Story.

I was working as a blacksmith and horse shoe when my health failed to such a degree that I was unable to do any work and was suffering greatly from kidney trouble and the whole nervous system seemed entirely beyond control. I tried many so-called remedies and employed several physicians with little or no benefit. I then consulted M. A. Morehouse, a specialist, who prepared remedies for me which were used with the most gratifying result. In very short time I was not only able to resume work as a blacksmith but also to stand under and shoe horses from morning until night with as little fatigue as in former years, and I did the work of a strong, healthy man all that winter.

The medicines prepared for me were not only wonderfully potent in their action but the benefit received permanent and lasting.

Wevertown, N. Y., May 1st, 1896.

This specialist, M. Alden Morehouse, is now permanently located in this city, at 53 North Franklin street, and will give free consultation and advice to all who call.

YOUR TIRED STOMACH.

"I have no appetite," you say, "and the little I do eat does me no good. At first it feels cold and dead in my stomach and by and by I have aches and pains that sometimes go to my chest and back. I feel weak, low spirited and out of sorts all over. I fancy the demon of dyspepsia has got me." That's the way you talk and no wonder. But wait a moment. Let us reason together. Perhaps thus far your stomach is merely tired. You have been eating too much, eating the wrong things, and irregularly. You have given it too much to do, and like all living things, when overworked, it stops at length from sheer exhaustion. There may not be an actually diseased condition as yet. Still it is nature's warning, and you must heed it or worse will follow. But I must eat or starve," you say. True enough, but safely usually lies in middle courses. Here is one for you. You don't need drastic purges or exciting stimulants. Your condition is one easily relieved if we go about it gently and sensibly. The tired stomach won't work under whip and spur. It is probably had too much of that already. What you require is something that is at once a food and a digester of food. Such an article is the Shaker Digestive Cordial, discovered and prepared by the Shaker Community of Mt. Lebanon, N. Y. Taken right after eating, so as to mix with the food, it does the stomach's work for it, gives it the advantage of further rest, strengthens you in a natural way, and soon enables the stomach to do full duty. There is nothing else like this simple, safe, certain and palatable remedy. Yet the Shakers respect your doubts, and authorize druggists to sell a trial bottle for ten cents.

CLINTON MAN DIES
WITHOUT WARNINGTHE SUDDEN DEMISE OF W.
BENEDICT.

Had Been Sitting up Last Night With a Sick Man, and Returned Home at Four O'clock This Morning, Dying at 5:30—Death of Mrs. Delia Collins.

Clinton, Jan. 5.—[Special].—This village was shocked by the sudden death of W. Benedict who died at 5:30 o'clock this morning. Mr. Benedict sat up with Mr. Hardendorf, who is very low, last night, and returned home at 4 o'clock. He complained of feeling ill, and expired at 5:30 o'clock. He was in his forty-sixth year, and leaves a wife and two sons. Mr. Benedict was a member of the Modern Woodmen and Knights of the Globe, and carried \$3,000 in the Woodmen and \$1,000 in the Globe. The funeral will be held at 2 o'clock Thursday, under the auspices of the Modern Woodmen of America.

Mrs. Delia Collins.

The Dallas Texas, Morning News, announces the death of Mrs. Delia Collins, mother of Warren Collins, formerly of this city, which occurred on Jan. 1. Mrs. Collins was the founder and president of the Woman's home, Fort Worth, and was sixty-six years of age. She died at the residence of her son. She leaves two sons to mourn her loss, Warren Collins and F. H. Collins, both of Fort Worth. The News says:

She lingered a few days with la grippe and nervous prostration. The labors of Mrs. Collins in gospel and home work were of great magnitude. Mrs. Collins was well known in Texas and in her old home, Wisconsin, as a gospel speaker of much power. Her attainments were scholarly. She was in early life the assistant principal of the state normal school, Albany, N. Y. Later she married H. W. Collins, the principal of the normal, and moved to Janesville, Wis., where she resided some thirty-five years, being well known in W. C. T. U. and charitable circles.

She moved to Fort Worth some ten years ago. With Mrs. Belle Burchill, she founded the Bootblacks' home, subsequently enlarging into the present Orphan's home of Fort Worth.

She, with Mrs. Burchill, placed a good deal of private furniture in the home at the time, and labored there until the brick orphanage was practically secured. The apparent need of rescue work among fallen women in Texas touched her and she became one of the founders of the Bethel mission of Fort Worth, and the president and founder of the Woman's home, incorporated.

She has been the means of awakening Texas in such rescue work very largely. She at one time assisted to reorganize the successful rescue home of Dallas.

Mrs. Collins very nearly secured the passage of a bill at Austin, donating \$50,000 to such a state home.

The work of the home has been widespread in several states south. Something over 400 girls have been cared for and 80 per cent of them saved to a better life and conversation of soul. Many letters come constantly from girls telling of their love for the home and Mother Collins as they called her. Mrs. Collins has left a fragrant legacy to Texas and especially to Fort Worth in her philanthropic life of good deeds and the Fort Worth home. She will be mourned by many hearts in the state of Texas. Mrs. Collins devoted the greater portion of her life to work in behalf of fallen women and her dying request was that she be buried from the home established by her. The interment will not take place prior to Sunday afternoon.

Mrs. Josephine Walters.

Mrs. Josephine Walters died last night at 9:30 o'clock at the home of her son-in-law, George Bidwell, 15 Chatham street, aged fifty-five years. Mrs. Walters had been a resident of Hanover for the past twenty-five years. She came to this city for medical attendance, but physicians could not cope with her disease, and death came. Her husband, Frederick Walters, died eleven years ago. Mrs. Walters leaves one daughter and two sons, Mrs. George Bidwell of this city, and William and Frederick Walters of Hanover, the former being the agent for the C. & N. W. road at that place. The remains will be taken to Hanover for interment on the 9:30 a. m. train Thursday.

Daniel Gower.

Daniel Gower died at 2:30 o'clock this afternoon at his home on South Main street, aged seventy-nine years, of paralysis. Three sons survive, they being William, of this city, George, of the town of Porter, and Linford, of Kansas. Notice of the funeral will be given later.

Funeral of Mrs. W. H. Hall.

Funeral services over the remains of Mrs. W. H. Hall were held this afternoon at 3 o'clock from Christ church. The Rev. A. H. Barrington officiated.

A BOY SHOT WITH AN AIR GUN

Bullet Struck Above the Eye and Entered the Skull.

Eddie Reeder, a fourteen year old boy who resides at 155 North Bluff street, was accidentally shot in the head with an air gun and narrowly escaped serious injury. The bullet entered the boy's head a half inch above his left eye and found its way to the skull bone. Dr. W. H. Judd removed the ball.

Don't fail to send the delegation and don't fail to select the very best men you have. None of them are too busy to drop everything and come here for a few days. It is the important opportunity and it must not be lost. Yours truly, H. H. HANNA, Chairman.

THE IMPERIAL BAND
IS FREE OF DEBT

ESPECIALLY BRIGHT PROSPECTS FOR 1897.

For the First Time in Many Years the Organization Does Not Owe a Cent—New Officers Were Elected at the Meeting That Was Held Last Night.

For the first time in a number of years the Imperial band starts in the new year, free of debt.

This announcement was made at a special meeting held last night. Officers were elected for the coming year as follows:

President—Law A. Pressler.
Vice President—Charles Kneff.
Secretary—Fred S. Wetmore.
Treasurer—George Marsden.
Manager—Joseph Harvey.
Director—Al Kneff.
Assistant Director—John Klenow.

For a number of years past debts have burdened the organization, but last year the services of the band were much in demand, especially during the campaign, and they had a successful season, the receipts amounting to \$520.

New instruments have cost \$600, while new uniforms were bought at an expense of \$435. But these debts have been paid in full.

The prospects for the band for the year of 1897 are bright, and its twenty-four members are to be congratulated.

CLUB HOUSE STANDS
ON KESTOL'S LANDKOSHKONONG ACRES BELONG
ED TO GOVERNMENT.

Whitewater Man is Now the Owner, the Property Being Bought for \$1.25 an Acre—Secured by a "Squatter" Forty Years Ago and Sold For Taxes.

The thousands of sportsmen from all over the United States who have will be greatly surprised to annually visited Lake Koshkonong's famous hunting grounds learn that the Black Hawk Club's club house stood on government land that could have been pre-empted by any one of their number had they but known. This tract of forty-two acres of now valuable land came into the possession of one M. Kestol a day or two ago.

This property had long escaped attention from the fact that it was "squatted" on, under old-time squatter laws, forty years ago. Finally it was taxed, but the taxes remained unpaid and the land was sold on a tax title, and was purchased by Mr. Kestol at government prices.

A similar instance occurred at Green Lake, Walworth county, last year, when land valued at \$6,000 was pre-empted and bought at \$1.25 per acre from the government.

The state never sold the piece, but someone squatted on it forty years ago or so, the assessor taxed him, he finally failed to pay taxes, the land was advertised, and a Jefferson man named Bishow became owner by tax title. The Black Hawk club has occupied the land under lease from him for some years, but now find themselves confronted with a new landlord. Mr. Kestol lives at Whitewater.

BELOIT COLLEGE SONG BOOK

New Volume Is Now Being Edited By the Students

The class of '98 of Beloit college is editing a college song book which will make its appearance in May, 1897. When published it will be the first collection of its kind to appear west of Ann Arbor. It will contain old Beloit songs by alumni and others, new songs now in use and others written especially for this volume by alumni and under-graduates. It will contain, as well, familiar songs long in use in the older colleges, thus making a book for more than local use.

Prof. D. B. Allen has promised active co-operation. The volume will bear its own stamp, representing the graver and lighter sides of college life at Old Beloit. In form and make-up it will be similar to the Harvard song book, Princetonian, etc. The price will be seventy-five cents. The first edition will be limited. Orders should be sent to R. C. Hecox, Beloit.

This the Auxiliary decided to do, and plans were made accordingly.

GEN. RUGER RETIRES ON APRIL 2

General Merritt Likely To Be His Successor. It Is Said.

A dispatch from Washington says: "One of the highest positions in the army will become vacant April 2, by the retirement, on account of the age limit, of Major-General T. H. Ruger, commanding the Department of the East, with headquarters at New York City. It is understood when General Ruger retires after reaching the prescribed age, sixty-four years, he will be succeeded at New York by Major-General Wesley Merritt, now at Chicago. This has been the course hitherto."

MAJOR GENERAL THOMAS H. RUGER.

erto, for the New York billet is regarded by army officers as being among the most desirable, next to that of commanding general with headquarters at Washington.

"Gen. Ruger is one of the best known and most thorough disciplinarians in the army, and during the Crow Indian campaign of 1887 he was given a title by Deaf Bull, a Crow chief, which has stuck to him ever since. It was at the time of the Sword-Bearer uprising, and Gen. Ruger then in command of the Department of Dakota, had been sent to quell the trouble. He was waited upon by the leading chiefs of the Crow tribe after the Indians had been surrounded by the troops under Gen. Ruger's command, and all sorts of promises were made if the White Chief would withdraw his soldiers. Some of the Indians wanted to give up ponies, squaws and tepees, but to all their entreaties Gen. Ruger turned a deaf ear and insisted the head devil, Sword Bearer, should be delivered over to the authorities for punishment. "This kind of talk did not please the Crow envoys, who quickly discovered that Gen. Ruger was not made to be trifled with when he had made up his mind on a subject, and his persistence in holding out for the surrender of Sword-Bearer gained him the sobriquet among the Indians of 'Man Who Speaks Once,' and he is still known by that name."
